

**AC 27/2/13**  
**Item No. 4.2**

# **UNIVERSITY OF MUMBAI**

**Syllabus for Sem V & Sem VI**

**Program: B.Sc.**

**Course : BOTANY**

(Credit Based Semester and Grading System with  
effect from the academic year 2013–2014)

**T.Y.B.Sc. Botany Syllabus**  
**Credit Based Semester and Grading System**  
**To be implemented from the Academic year 2013-2014**

**SEMESTER V**

**Unit IV : Anatomy**

- Anomalous secondary growth in the
  - Stems of *Bignonia*, *Salvadora*, *Achyranthes*, *Aristolochia*, *Dracaena*.
  - Storage roots of Beet, Radish
- Types of Stomata – Anisocytic, Diacytic, Paracytic, Anomocytic and Graminaceous.

**15 Lectures**

### **Scheme of Examinations:**

#### **Theory Course:**

|                                                    |                 |
|----------------------------------------------------|-----------------|
| <b>Recommendations for Internal Assessment for</b> | <b>40 marks</b> |
|----------------------------------------------------|-----------------|

|                                           |          |
|-------------------------------------------|----------|
| One periodical test on class instructions | 20 marks |
|-------------------------------------------|----------|

|                 |          |
|-----------------|----------|
| One assignments | 10 marks |
|-----------------|----------|

|                                                                  |          |
|------------------------------------------------------------------|----------|
| Active Participation (attentiveness/ability to answer questions) | 05 marks |
|------------------------------------------------------------------|----------|

|                                                                                                                              |          |
|------------------------------------------------------------------------------------------------------------------------------|----------|
| Leadership qualities in organizing or participation in academic or Co-curricular activities /mannerism and articulation etc. | 05 marks |
|------------------------------------------------------------------------------------------------------------------------------|----------|

|                            |                 |
|----------------------------|-----------------|
| <b>External Assessment</b> | <b>60 Marks</b> |
|----------------------------|-----------------|

**Practical Course:** 50 marks external.

#### **Note:**

1. A minimum of four field excursions(with at least one beyond the limits of Mumbai) for habitat studies are compulsory. Field work of not less than eight hours duration is equivalent to one period per week for a batch of fifteen students.
2. A candidate will be allowed to appear for the practical examinations only if he/she submits a certified journal of TYBSC Botany and the Field Report or a certificate from the Head of the Department/Institute to the effect that the candidate has completed the practical course of T Y B Sc Botany as per the minimum requirements. In case of loss of journal a candidate must produce a certificate from the Head of the Department/ Institute that the practicals for the academic year were completed by the student. However such a candidate will be allowed to appear for the practical examination but the marks allotted for the journal will not be granted.
